SCHEMES (details in Appendix Two) AND NEGOTIATORS.	1) The Divisional Executive produced a scheme involving junior and senior high schools - variant of a Leicestershire scheme. Similar to Keighley's scheme.		2) Three-tier scheme put forward by Clegg without initial consultation in Craven.		3) The Executive adopted Clegg's three-tier scheme but too late to be included in the response by WRCC to Circular 10/65. Teachers reacted strongly and suggested a two-tier scheme. The Executive continued to support the three-tier. Governors and teachers continued to resist its adoption.		4) The issue of Comprehensive reorganisation was re-activated because of the need to consider ROSLA provision. A working party of teachers negotiated with the Divisional Executive and suggested three alternatives to be added to Clegg's three-tier scheme. a) 11-16 Schools and a Sixth Form centre; b) 1 in 3 scheme; c) Retention of selection. A second working party of teachers and the Executive agreed to recommend the 1 in 3 scheme to County. County referred the Scheme back to the Division.		5) The Executive adopted Clegg's three-tier scheme but too late to be included in the response by WRCC to Circular 10/65.
